

TAYLORITE

OCTOBER 2024

Let us gather as a community to celebrate the blessings that surround us

FROM PASTOR'S DESK

The Spider's Web:

The Spider's web gives us a graphic picture of the human life pattern. The spider spins long, thin strands and attaches them to nearby objects like anchors. Then it lays cross-strands by circling the structure over and over to create a woven pattern. We may see these anchored strands as significant times and experiences of our lives – birth, graduation, marriage, and others. The circling strands tie these experiences together with the contributions of other persons, places, and things that influence our thinking.

When a strand is broken, the spider reinforces the structure. And after a bad experience, we also make adjustments in life. The experience could be a death, a separation, or a financial setback. Sometimes we need to change our direction or location, mend a relationship, alter our thinking, or seek new goals to hold our life structure together.

- Homer M. Cole in The Disciple

Sunday Service

9:30 am

Holy Communion

First Sunday
of the Month

Ministries for Children

Every Sunday
except on the first
Sunday

Ministries for Youth

Every Sunday
after the Worship
Service

Programmes

Sunday School Picnic

On 2nd October, the Sunday School organized an educational and recreational trip to KidZania, a globally renowned indoor theme park designed to offer children a unique role-playing experience. The visit was aimed at providing children with a fun learning environment where they could engage in real-world activities, explore different professions, and learn valuable life skills. A total of 7 children, accompanied by 3 parents and 2 Sunday School teachers participated in this exciting day trip.

The main goals of the trip were:

1. To introduce children to various careers in an interactive and engaging manner.
2. To encourage teamwork, leadership, and independent thinking.
3. To offer children an opportunity to apply biblical values such as cooperation, responsibility, and respect in a real-world setting.
4. To create a bonding experience between children and parents.

We all reached Kidzania by 12 pm. Upon arriving at KidZania, children registration was done, there was an entry for all of us. The children received "KidZos," KidZania's own currency, which they could use to participate in different activities or save for future visits.

The children explored various professions such as doctors, firefighters, pilots, chefs, and broadcasters. Each child had the chance to work and earn KidZos.

Children visited hospital, learned basic medical procedures, including how to perform CPR and take care of patients.

At the fire station, they dressed up as firefighters and participated in a mock rescue mission.

In the aviation center, children acted as pilots, taking control of a simulated flight and learning about how airplanes work.

They also visited the supermarket and learned about business management, teamwork, and customer service, and many more activities were there. All children enjoyed this picnic and left with lot of beautiful memories. As a Sunday school superintendent first for most I thank God for his bestowing His grace upon us and making this picnic a memorable one for all our children and parents . I thank our pastor Rev Yogesh Maykalwar and all the committee people for their support in kind and in deed

Worship undivided

An Ecumenical Eve

Worship undivided, held on the 21st of September 2024 was an evening of glorifying and praising our Lord and Saviour Jesus Christ. The idea behind the theme finds its roots from 1Corinthians 12:12 which Says "For just as the body is one and has many members, and all the members of the body, though many, are one body, so it is with Christ".

The verse compares the human body to the body of Christ, noting that just as the body is made up of many parts that work together to form a whole, so is the body of Christ.

The verse also suggests that people should embrace the diversity and unity of the body of Christ, and serve faithfully regardless of their place within the body.

So it was decided to bring the youths of various denominations under one roof for an evening of praise and worship where we all together as one would sing praises to the Lord.

The preparations began in August as the Taylor MYF started personally visiting several Churches to invite their Youths to be a part of Worship Undivided .

Flyers and Instagram reels were shared across all the social media platforms to increase the reach of the program.

Worship undivided

An Ecumenical Eve

The response received was overwhelming as the registrations crossed the mark of 250.

Churches from Ulhasnagar, Ambernath and even Pune attended the program .

The ecumenical evening commenced at around 4:30 pm. 8 different Churches across various denominations led praise and worship thus fulfilling the idea behind the theme, to find unity in diversity.

The youths were blessed by a spirit-filled session of Word sharing by the Guest Speaker Rev. Sandeep Kharat (Youth Director, Mumbai Regional Conference) who delivered the Heavenly Mannah beautifully that evening.

Ice breakers and Activities were conducted to encourage interactions between the youths .

The Presence of the Lord could truly be felt as the youths sang praises to The Lord in one accord.

The Program was followed by a sumptuous dinner.

Worship Undivided is a testimony to the fact that youths have power and if they are united can do even greater things for His Kingdom.
